Invitation Letter

Moniek.Tromp@ishc21.amsterdam

Dear Prof. Wang, Lei (Male) Huaibei Normal University, and

Dear Prof. Li, Pinhua (Male) Huaibei Normal University,

On behalf of the Organizing Committee it is our great honour to invite you both to the 21st International Symposium on Homogeneous Catalysis (ISHC XXI) that will be held in the historical city centre of Amsterdam from the 8th till 13th of July 2018.

The ISHC is organized every second year and has a long-standing tradition as the key conference on homogeneous catalysis as it provides an excellent discussion platform for all aspects of homogeneous catalysis and its applications. We will provide a valuable podium for scientific discussions as well as a stimulating meeting place encouraging a close partnership between delegates from academia and industry. By tradition, top scientists will present new developments and prospects covering a wide range of catalytic reactions and processes, including topics like catalyst design, mechanistic insights, new concepts in catalysis and catalyst applications. We expect about 400 renowned international participants. Unique to the ISHC is the single session approach with plenary keynote presentations by distinguished and young scientists and plenary oral communications. Sufficient time for discussions during poster sessions will be scheduled.

The ISHC Secretariat hereby confirms the invitation on behalf of ISHC 2018, keeping in mind that the invited person or his company will bear all the costs involved with the participation, including the costs of medical insurance and costs of repatriation. The ISHC Secretariat cannot be held responsible for bearing these or any other costs.

We are very much looking forward to seeing you in Amsterdam in July 2018.

Yours sincerely,

Prof. Dr. Moniek Tromp
Board Member ISHC 21, Secretary
